Now that an additional Asst Secretary has been appointed, it is necessary to provide him with a staff of clerks on the same scale as for other Asst Secs. Please note what such scale is, and after consulting the Financial Branch, put up a draft of an order increasing the total staff of the Secretariat correspondingly. A Statement showing the revised scale of peons sanctioned in accordance with G.O. G. 7453-4 d/19th June 1908 is put up

The total strength of the menial Establishment is 299 Of this no. 8 men have to be transferred to post House Estbt. and 67 places have to be gradually absorbed as vacancies occur until the total strength of the revised scale, viz 224 is reached. The no of men required for the addl. Asst Secr appointed subsequently to the Genl & Rev Sects has not been included in the revised scale. The revised scale of 224 men will have to be increased by 4 more men to include this number. In other words the reduction will be to the extent of only 63 places

As a result of reductions up to date, a I class peon's place has been absorbed and vacancies caused by the absence on leave & for long periods of men in the grades in which there are places more than the sanctioned scale are not being filled up. All acting men with an acting service of less than 1 year have been thrown out Thus the existing menial Estbt. consists of 281 men on duty, including

It has not been suggested anywhere that there is any practical difficulty in allotting the leave required for work under the new Act & Rules.

What was intended was that the shortened scale of the medical attendance should be formally revised so as to correspond with the existing number of Leave Offices. If this were not done, the order of 15th June 1908 would be requiring a greater reduction eventually than ~~would be~~ possible or necessary. I see no difficulty in leaving the matter as it is.

I shall be glad to know if there is any financial objection to the course suggested, & if so, what it is

READ:—

Memorandum submitted by the Committee appointed in Government Order No. G. 5442-3—G. M. 53-05-36, dated the 7th May 1906, to consider and report on the possibilities of retrenchment in the menial establishment of the General and Revenue Secretariat.

---

No. G. 7453-4—G. M. 236-07-2, DATED BANGALORE, 19TH JUNE 1908.

ORDER THEREON.—The Committee have proposed a reduction of 58 hands in the existing menial establishment consisting of 299 hands excluding the Shroff, thereby fixing the scale at a total of 241 hands with a monthly cost of Rs. 2,227, against Rs. 2,676, thus securing a saving of Rs. 449 per mensem, and have recommended that any reduction decided upon in the number of peons should not be made suddenly so as to throw out of employment a number of poor men on small salaries but that it should be given effect to gradually by arranging that as long as the number of places in any class is in excess of the prescribed reduced scale, no vacancies shall be filled in such class or promotions made thereto.

2. While agreeing in the conclusions arrived at by the Committee, Government consider that a further reduction of nine more men can be made without prejudice to actual requirements or efficiency of the menial establishment and that the services of eight members borne on the Secretariat Establishment but attached to the marginlly noted Government Houses may properly be transferred to the Government House Establishment.

(1) For Guests' Quarters, Bangalore, 3 peons—(9), (8), (7)
(2) For Guests' Quarters, Mysore, 3 peons—1 (8), 2 (7)
(3) For Sir Seshadri Iyer's Bangalow at Mysore, 2 Malis—2 (7).

3. Government are pleased to convey their sanction to the reduction of 67 hands from the existing menial establishment and to the transfer of 8 more hands at a monthly cost of Rs. 60, as detailed above, to the Government House Establishment, these men continuing as heretofore to be under the control of the General and Revenue Secretary. Government approve of the Committee's recommendations as to the gradual manner in which effect should be given to the reduction so as not to cause hardship to men already in service either permanently or acting from more than one year prior to the date of this order, but they trust that endeavours will be made to bring the reduced scale into force by retiring old and inefficient men as soon as possible and by absorbing vacancies which may occur hereafter. A statement showing the present and the reduced scale as now sanctioned is appended to this order.

4. As regards the system of giving allowances to deserving menials of Councillors' Establishments out of a monthly grant of Rs. 16 placed at the disposal of each of the Councillors, the Committee admit the force of the Comptroller's objection and recommend that it may be abolished when the present recipients cease to draw it. This recommendation of the Committee is also sanctioned.

5. The net result of the foregoing reductions when fully effected will be a saving of Rs. 569 per mensem.
